1. Syncing To Do items requires an iPod with iPod Software 2.0 or later.
  2. To sync your Palm device, you must first have [Palm Desktop 4.0](#) (or later) installed and then install [iSync Palm Conduit 1.2](#). In general, if your Palm OS device syncs to Palm Desktop on your Mac with HotSync, it will work with iSync.
  3. Not all phones work in all geographies. Check with your carrier before ordering a phone.
  4. Mac OS X v10.3.5 is recommended for Symbian OS and Motorola phones.
  5. Motorola phones require USB cable. Bluetooth not supported.
- Note: Lists of compatible devices are subject to change.
